Comprehensive Treatment For Life Long Stability

Full Circle Recovery Services is dedicated to helping patients acquire and maintain sobriety by relearning positive, sober behavior patterns and life skills. While reclaiming the joy and meaning in their lives stolen by addiction. We believe each person is worthy of recovery and deserves freedom from the disease of addiction. We know that recovery is possible and believe that hope lies within the Full Circle Recovery Services model.

All Programs Include:

Daily Group Counseling: Led by licensed and experienced group leaders.

Individual Counseling: One-on-one sessions with certified clinicians to address personal recovery needs.

Medical Support: Scheduled nurse appointments, health education, and periodic Nurse Practitioner sessions. We also provide in-house treatment for those new to HCV treatment and referrals for those needing specialized care.

Mental Health: Our mental health team works hand in hand with our Substance Use Disorder team, providing integrated support to address the interconnected aspects of mental and emotional health, fostering holistic recovery.

Peer Support: Our clients have access to trained Peer Supporters who walk alongside them with empathy and without judgment, showing through lived experience that recovery is possible.
