

About

Founded by John Pawelski in 2017, Full Circle Recovery Services is dedicated to making a positive impact in the community. After serving 18 years with the Dayton Police Department and 34 years in private security, John retired and wanted to give back to his community. He began by purchasing three homes in Dayton with the goal of helping individuals struggling with addiction and recovery. Since then, Full Circle has grown, and John's vision remains to continue expanding until no one is left without support.

Our Services

At Full Circle, we are committed to providing comprehensive care, including:

- ✓ **Daily Group Counseling:** Led by licensed and experienced group leaders.
- ✓ **Individual Counseling:** One-on-one sessions with certified clinicians to address personal recovery needs.
- ✓ **Case Management:** Support for social, educational, financial, workforce, and medical needs to help clients achieve holistic recovery.
- ✓ **Medical Support:** Scheduled nurse appointments, health education and periodic Nurse Practitioner sessions. We also provide in-house treatment for those new to HCV treatment and referrals for those needing specialized care.
- ✓ **Mental Health:** Our mental health team works hand in hand with our Substance Use Disorder team, providing integrated support to address the interconnected aspects of mental and emotional health, fostering holistic recovery.

Referrals

We offer several ways to refer clients to Full Circle:

- Paper Copy
- Online Referral Form www.ohiofullcircle.com/services/
- Call our Outreach Team at (800) 829-5461, opt. 1
- Fax a Referral to 937-813-2757
- Email Referral Forms to outreachapplications@ohiofullcircle.com

We accept most Ohio Medicaid

Our Programs

Designed to support individuals at every stage of recovery. Each program is tailored to the individual's needs, ensuring they receive the best possible care and support.

- **Partial Hospitalization Program (PHP):** The first step in treatment for many individuals. It's a highly structured program with a person-centered approach to treatment, helping individuals make lasting changes.
- **Intensive Outpatient Program (IOP):** Provides individuals with a structured treatment plan that allows more flexibility in their daily lives while still offering strong support for recovery.
- **Standard Outpatient Program (SOP):** For individuals who have completed IOP, SOP offers continued support to help maintain long-term recovery.
- **Maintenance in SOP:** Offers ongoing support for individuals looking to sustain their long-term recovery from substance abuse and mental health challenges.
- **Re-entry (IOP):** Specifically designed for individuals facing legal barriers that impact their recovery. It combines treatment for substance use and mental health while providing a path to long-term sobriety despite legal challenges.
- **Peer Recovery Support Access:** Our clients have access to trained Peer Supporters who walk alongside them with empathy and without judgment, showing through lived experience that recovery is possible.
