

# OhioHealth Addiction Medicine Outreach

Here for you every step of the way.

## Personalized support, your way

At O’Bleness Hospital, our team meets you where you are — helping you or a loved one begin recovery from a substance use disorder. We’ll create a plan just for you and offer care that fits your life.

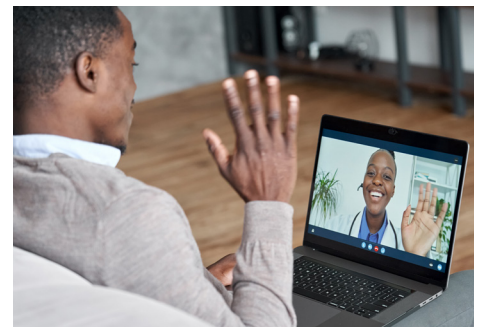

## How we make recovery easier

Start treatment quickly with an in-person or virtual visit from our Nurse Practitioner. We can also help you:

- + Manage cravings and withdrawal symptoms
- + Set up outpatient clinic appointments
- + Get help with medication and transportation costs
- + Connect to residential treatment when needed
- + Access local resources for food, housing and jobs
- + Receive Narcan kits and basic safety supplies
- + Find a doctor, dentist or mental health provider

## Why choose outreach care?

Our team brings flexible support to you. We work to remove obstacles like cost and transportation, so you can focus on what matters — returning to your life, career and family.

Questions?

We’re here to help. Call our Substance Use Navigator, Shari at **(614) 398-5217**.
